

Beatrice and Pascal Lambert

Vigneron: Beatrice and Pascal Lambert

Location: Cravant-les-Coteaux, Loire

Size of Domaine: 14 ha

Terroir: Flint & Clay

Viticulture: Biodynamic

Masters of Chenin Blanc and Cabernet Franc producing wines with finesse, pure expressions of their terroir. Without the use of any chemical products and with close attention to biodynamic practice, Béatrice and Pascal have been working the 16 hectares of vines situated between Chinon and the village of Cravant-les-coteaux since 1987.

The winery has been practising organic farming for over 20 years, and was certified Biodynamic (Biodyvin) in 2012. No chemical products are used to produce their wines.

These natural methods practiced both in the vines and cellar, accentuate the pureness of their terroir and allow them to create wines with profound personality.
